# PRESENTATION

On October 11th, 2025, the town of L'Ampolla (Tarragona) will host the 20th edition of the Ironcat, featuring the following race distances:

DATE	TIME	CATEGORY	SWIM	BIKE	RUN
Saturday, October 11th	8:00	FULL	3.800 m	180 km	42,2 km
	10:00	HALF	1.900 m	90 km	21 km

The heart of this triathlon is L'Ampolla, known as the gateway to the Delta. This charming seaside town, located in the province of Tarragona on the Mediterranean coast, is the perfect setting for an unforgettable race. Ironcat is ideal for athletes seeking a welcoming atmosphere, friendly organization, and fast, flat courses that run through the Ebro Delta Natural Park.

In 2025, the Half distance continues to be offered (first introduced in 2024), with the aim of attracting triathletes ready to take their first step into long-distance racing.

The swim segment takes place in the Mediterranean Sea, giving participants the unique opportunity to swim in open water, with both the start and finish located at the Fangar Natural Port. After the swim, the bike course runs through the Delta, showcasing a stunning mix of landscapes that range from endless sandy beaches to areas rich in biodiversity. Finally, athletes will face the run course, a completely flat circuit that winds through the streets of L'Ampolla and its surroundings, framed by olive groves, vineyards, and the natural beauty of the Ebro Delta. In short, L'Ampolla offers an idyllic setting for triathlon in an incomparable natural environment!
